Case Study: Ashford

Case Study: Ashford

Case Study: Ashford

Ashford Borough Council is a local government authority in the South-East of England that serves a population of 125,000 across Ashford, Tenterden, and surrounding villages.

Download the case study to find out how CS Lucas implemented solutions to meet organizational goals, specifically:

- Moving from spreadsheets to an automated system
- Freeing up management time for more value-added activities
- Seamless tracking, monitoring and sharing of treasury information
