

Webinar: Keeping your Information Secure Local Authorities

WEBINAR

Keeping your Information Secure

Webinar Outline

It's vital that you make sure that you keep your company data protected. At CS Lucas, we understand that a security breach is a costly disaster that can compromise operations and damage your constituents trust.

We've developed a talk so that you can focus on evaluating treasury applications to avoid the risk of breaches in UK local government departments. We'll be covering topics such as:

- Security Risks
- Best Practices
- Shared Security Responsibility
- ISO2700 Walk-through

This webinar was recorded on Dec 4 and hosted by Don Escuro, Vice President of CS Lucas.
