Webinar: AI and treasury – Do Androids Dream of Treasury Systems? 2PM BST

WEBINAR
AI and Treasury: Do androids dream of treasury systems?

Webinar Outline

A conversation on the introduction of AI in treasury and treasury management. How will machine learning and AI affect treasurers and finance departments. We predict the upcoming trends.

This event will be hosted by Don Escuro, Vice President at CS Lucas, on 21 May, 2PM BST.
