Add Site to Trusted Sites in Internet Explorer
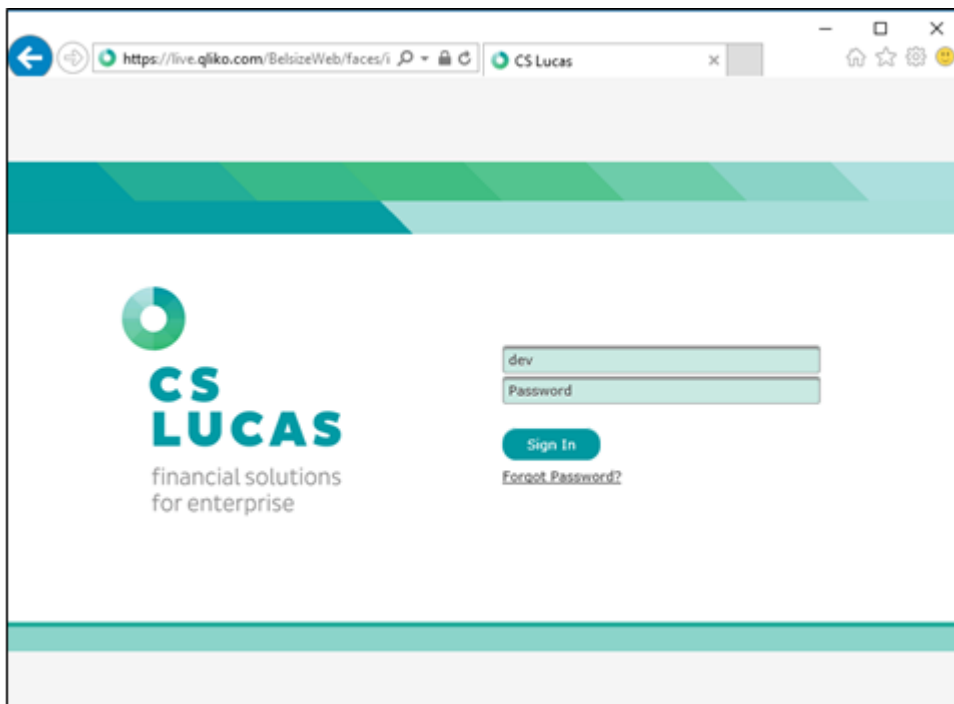

<u>PURPOSE</u>

This document shows the procedure on adding the site to trusted sites in Internet Explorer.
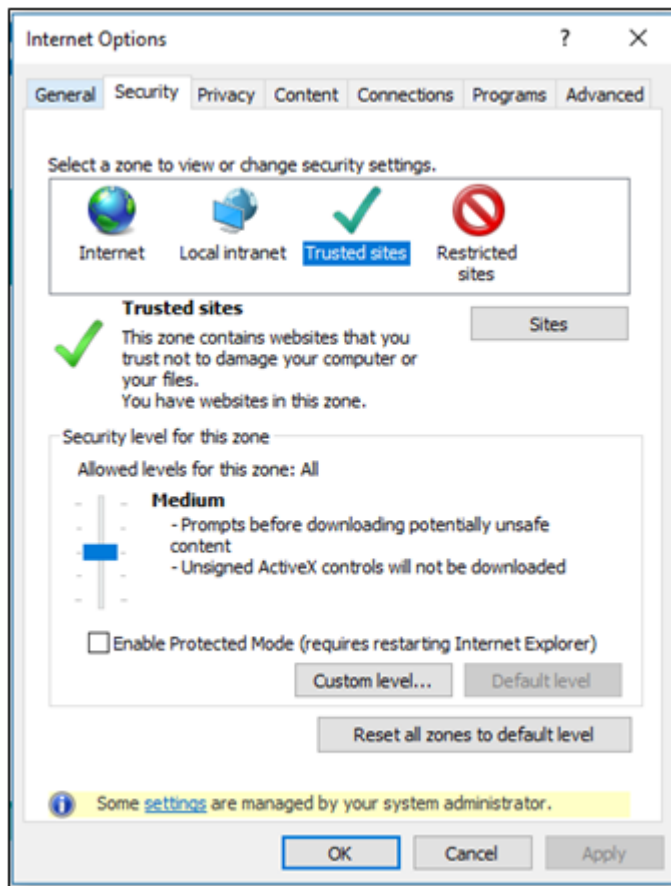

<u>WHY IS THIS IMPORTANT?</u>

This is important to ensure that the hyperlinks in the CS Lucas system will function on Internet Explorer.

<u>PROCEDURE</u>

1. Open Internet Explorer, go to the CS Lucas system URL. In this example, https://live.qliko.com will be used.

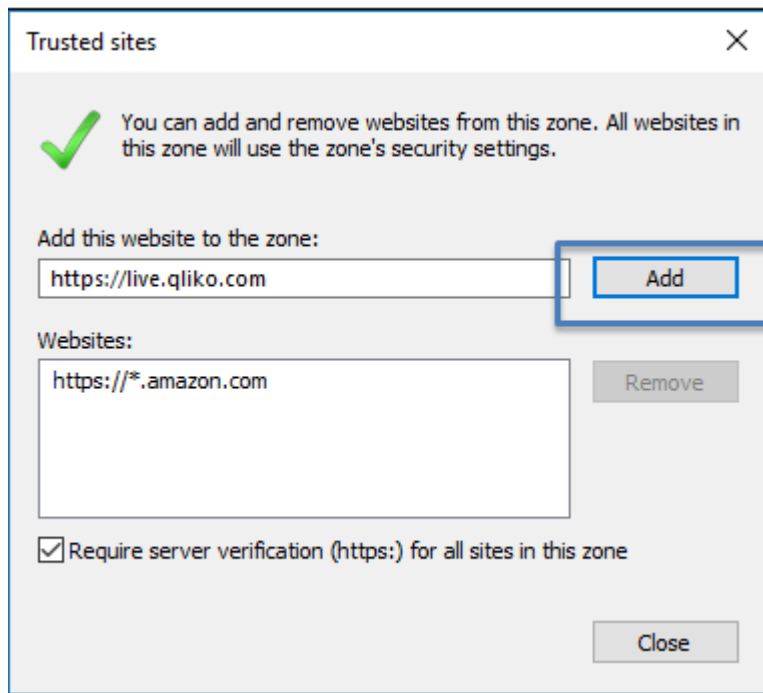

2. Go to Tools > Internet options.

3. Click Security tab.

4. Select Trusted Sites and then click Sites.

5. Click Add to add the CS Lucas system URL to trusted sites.

6. Click Close. Then click OK.

7. Close Internet Explorer and re-open Internet Explorer.
