

Maintain Utilisation

Non-Treasury

[See previous W5 version guide](#)

PURPOSE

This document contains the detailed procedures on how to maintain non-treasury facility utilisation in CS Lucas system.

WHY IS THIS IMPORTANT?

This allows users to capture any other facility utilisation for non-treasury products in the system so that users can have a complete overview of the exposure with the banks by printing the facility limit reports from the system.

PROCEDURE

1. Before you can maintain utilisation for non-treasury facility, note that a facility limit must be set up for non-treasury facility first. To set up, read the user guide [How to Create Facility and Limit](#). Note that the product must be assigned to _Non Treasury Facility in the Limit screen.
2. After setting facility and limit, Click Utilisation from the Facility screen.
3. The Non-Treasury Facility Utilisation screen displays.
