

Reset Your Forgotten Password (W5)

[This version is superseded. Click here to view the latest guide.](#)

PURPOSE

This document explains the procedures for resetting your forgotten password.

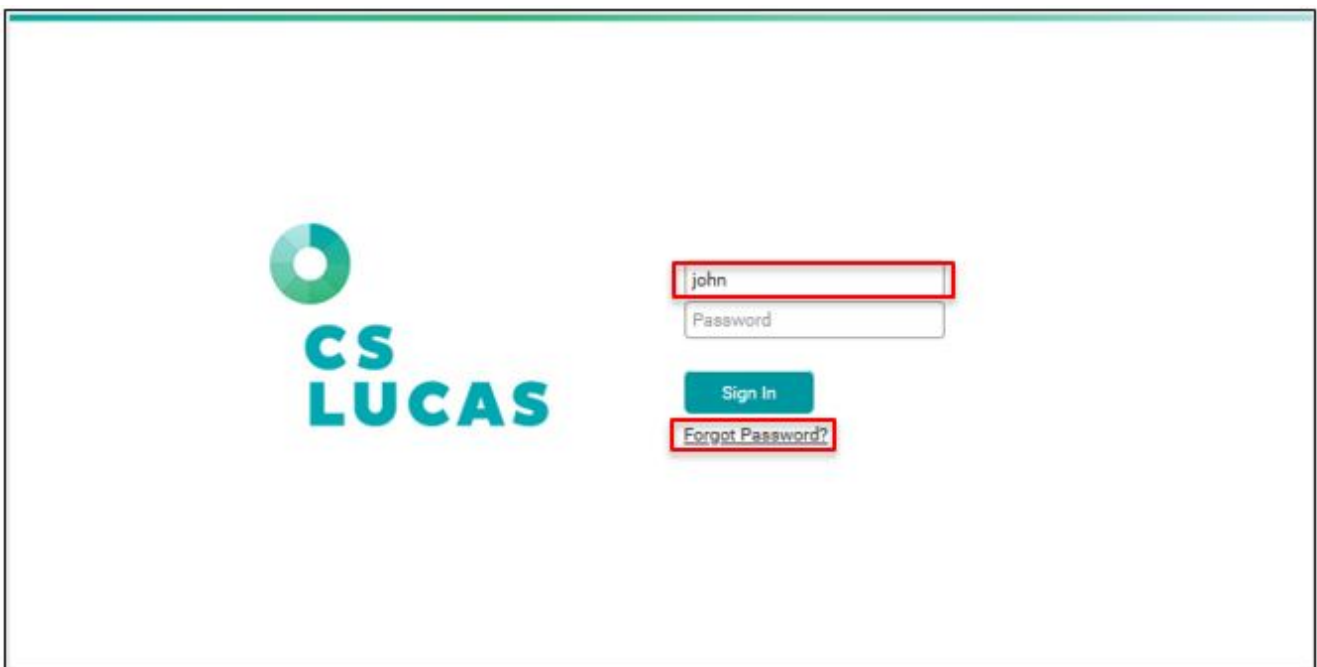

WHY IS THIS IMPORTANT?

If you forgot your password, you can easily reset it using the forgot password link on the login page. All you need is your username.

PROCEDURE

1. On the login page, enter your username and click the **forgot password** link. An email containing instructions to reset your password will be sent to the address specified in User Set Up.

Note: Username is case sensitive as per set up in the system.

The screenshot displays the CS LUCAS login interface. On the left is the CS LUCAS logo, consisting of a green circular icon with a white dot and the text 'CS LUCAS' in blue. To the right of the logo is the login form. It includes a text input field for the username containing the text 'john', a text input field for the password labeled 'Password', a blue 'Sign In' button, and a red-outlined link labeled 'Forgot Password?'.

2. Click the link provided in the email. The link in the email can be used only once, and expires after 10 minutes.
3. When prompted, enter and retype a new password. Click Change and Login.

FREQUENTLY ASKED QUESTIONS

FAQ01. I did not receive email to reset password after clicking "Forgot Password?" link on the login page.

If you are using Internet Explorer and has tight security settings, please [check this guide](#) for instructions to add the CS Lucas system URL to trusted sites.
